

MICHIGAN FIRE SERVICE INSTRUCTORS ASSOCIATION

National Fire Academy's Incident Safety Officer - F0729

This **FREE** two-day course is designed to provide students with the knowledge and skills needed to perform the duties of the Incident Safety Officer (ISO) during incident operations and training evolutions. This course is an incident-specific, scenario-oriented course designed to teach students what an ISO needs to know at an incident. The course uses instructor-led discussions, multimedia activities, and small group discussions to convey instructional points.

Course Objectives:

- *Define the roles of the Incident Safety Officer (ISO).*
- *Formulate a risk management matrix for various incidents and planned events.*
- *Evaluate incidents for unacceptable risks, and recommend remediation opportunities.*
- *Summarize the Incident Safety Officer's (ISO's) responsibilities during post-incident operations.*

Application/Registration: A completed current NFA application must be sent to MFSIA Executive Vice-President Brian Blomstrom at bblomstrom48@gmail.com to be eligible for the course; incomplete registrations will not be processed. This form must be provided, by email, no later than **November 15, 2018**. Seats will be reserved as applications are received and based on applicant's MFSIA region. Space is limited to 30 students. Student selection for the course is the responsibility of the MFSIA, based upon receipt of the NFA Application and a determination of an equal participation ratio from all areas of the State of Michigan - however, priority to fill the class to required student numbers is also necessary.

Paperwork Needed: Participants will need to bring the acceptance email and personalized NFA SID in order to attend the class. The submitted NFA form will be returned to the student for final review before being submitted to the NFA Instructor of Record. Students are requested to bring a copy of the submitted NFA form to the class as well.
