SUBJECT: 2019 Michigan Fire Fighters Training Council Training Grant Program

On April 10, 2018 The Michigan Fire Fighters Training Council (MFFTC) voted to implement a training grant program for individual fire departments and other regional collaborations to enhance training statewide using FY18 funds. At the October 26, 2018 MFFTC meeting the MFFTC directed the Fire Marshal to continue the Training Grant Program in 2019. The money dispersed as part of the 2019 MFFTC grant program will be from funds that are returned to the Fireworks Safety Fee Fund after the December 31, 2018, deadline to encumber FY19 training funds.

The MFFTC will deliberate on each 2019 MFFTC Training Grant Application during a morning work session on February 13, 2019, taking into consideration the quality of the request, the completeness of the application questions, and the greatest benefit to Michigan firefighters statewide.

All individual fire departments and regional grant applications submitted must meet the following requirements to be considered by the MFFTC:

1. To be eligible all individual and regional applicants must have submitted monthly National Fire Incident Reporting System (NFIRS) reports to the BFS for the 2018 calendar year (January 1, 2018 through December 31, 2018) by January 31, 2019. Each fire department listed on a regional application must meet the NFIRS fire reporting requirement.
2. Applications to fund courses provided or training equipment and props delivered prior to February 13, 2019 will not be considered.

3. An individual fire department grant application may be submitted for an amount up to \$10,000.00.
4. A regional grant application (five or more fire departments) may be submitted for an amount up to \$25,000.00.
5. Regional grant applications for training, training equipment and props will be given first priority, followed by individual fire department applications for training, training equipment and props.
